## Overview

ClearSkies™ Mobile App allows you to timely assign incidents to your team members and review the investigation progress of outstanding ones, directly from your device while on the go. Get live Threat Alert notifications on important information regarding emerging cyber-threats and vulnerabilities that might affect the confidentiality, integrity and availability of your systems and networks.

## Important Notes

No special considerations applicable for this version.

## What's New in v3.1

- Design enhancements for improved user experience.

# Enhancements

## General

- “ClearSkies” Logo updated and design improvements completed across the Mobile Application.

## User Profile

- “User Profile” section redesigned for enhanced user experience including new tabs:
  - User Information: allowing overview over user account details
  - Password: allowing change of password
  - Security Settings: allowing to enable “Face ID Login” or “PIN” code login.
- New “Delete” button introduced in “User Information” tab allowing for the deletion of a registered demo user account.
